Anacortes

Mount Baker and the Twin Sisters Peaks as seen from the Washington State Ferry as you leave the city of Anacortes on the way to the San Juan Islands archipelago.

Thank you for your review of the Navy's draft EIS for the EA189 growler Project.

Even the transition to these aircraft from the Prowlers (without expanded numbers) has been severely impactful to us here. Not just on whidbey.

Thank you + your staff for the work you do.

There are many that appreciate the EPA.
